**RE: LIVINGSTON COUNTY WATER & SEWER AUTHORITY  
COLLECTION SYSTEM EARLY WARNING UPGRADES**

Dear Cathy:

As requested, we are pleased to submit our proposal for engineering services in connection with the implementation of the sewer collection system early warning upgrades including the following:

- Installation of manhole overflow alarm sensors at multiple locations in the collection system that will notify the LCWSA should surcharges be detected in the manholes.
- Installation of rainfall intensity gauges that will notify the LCWSA should high intensity rainfall events be detected in areas of the collection system.
- Purchasing of a trailer mounted trash pump to help alleviate surcharging events in the collection system.

Our proposal is broken down into the following tasks:

*Design Phase*

1. Preparation of procurement specifications for a trailer mounted self-priming suction pump based on the flow and operational requirements provided by the LCWSA.
2. Preparation of specifications with installation diagrams for the furnishing and installation of manhole overflow alarm sensors. This includes coordination with the LCWSA regarding the selection of the equipment and location of the manholes where the sensors will be installed.
3. Preparation of specifications for the procurement and installation of rain intensity gauges. This includes coordination with the LCWSA regarding the selection of the equipment and location where the gauges will be installed.
4. Coordination with the LCWSA and their SCADA integrator for the potential implementation of the manhole alarm sensors and rain intensity gauges into the LCWSA's SCADA system or a cellular based system.

*Bidding Phase*

1. Provide up to twenty (20) sets of specifications to be issued to prospective bidders. Note we have assumed that three (3) separate bid packages will be issued.
2. Respond to bidders' questions during the bidding period and issue any addenda required for the interpretation and clarification of the bidding documents.

3. Attend the bid opening, review bids for compliance with the bid requirements and mathematical correctness, prepare the bid tabulation, investigate bidders' qualifications, and prepare a written recommendation for the award of the contract.

*Construction Phase - Administration*

1. Provide construction administration services, which include shop drawing review, processing of payment requests, preconstruction and project meetings, schedule coordination, preparation of change orders, coordination with the contractor and LCWSA, final inspection, and punch list.

*Construction Phase - Observation*

1. Provide a qualified Resident Engineer to monitor construction and the contractor's compliance with the Contract Documents. The Resident Engineer will serve as the LCWSA's representative on the project, maintain detailed records of the work performed, document payments to the contractor, handle concerns and complaints, and coordinate with regulatory agencies and utilities.
2. We do not feel that full-time inspection is warranted for this project. Part-time construction inspection services can be provided at a rate of \$80/hour. We anticipate that there will be approximately 24 hours of part-time inspection time required for this project. The cost for part-time inspection is estimated to be \$1,920, with the actual number of hours to be billed.

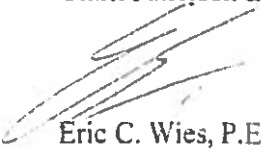

Our lump sum fee proposal to complete the work described above is as follows:

<u>Task</u>	<u>Fee</u>
Design	\$3,600
Bidding	\$1,500
<u>Construction Administration</u>	<u>\$1,500</u>
Total	\$6,600

We would be pleased to meet with you at any time to discuss our proposal in detail and answer any question that may arise. Please contact us if you require any additional information.

Very truly yours,

Clark Patterson Lee

To this end, the Authorized Representative shall develop and maintain lists of potential bidders for the various types of materials, equipment and supplies. Such lists should be used in the development of a mailing list for distribution of specifications and invitations to bid. Any supplier may be included in the list upon request.
- D) All contracts that require public advertising and competitive bidding shall be awarded as provided by law and rules and regulations of the Board.
- E) Purchase should be made through available State Contracts of the Office of General Services, Division of Purchasing, from a preferred source pursuant to Sections 175(a) and 175(b) of the New York State Finance law or under County contracts pursuant to Section 408-a of the County Law, whenever such purchases are in the best interest of the Authority.

- I) Responsibility: The Authorized Representative WILL NOT approve an emergency purchase when the purchase is not justified, where the purchase is being made to circumvent established procedures, or where there is lack of proper planning.

## **Section 6: Credit Card Use**

LCWSA Credit Card (the Card) use is a simplified and cost-effective method of purchasing and remitting payment for approved expenditures and replaces all other charge cards. The Card is **NOT** intended to avoid or bypass appropriate purchasing procedures, but is to be used in accordance with all the Purchasing Policy guidelines.

The Executive Director shall be the credit card program manager.

### **Providing an LCWSA Credit Card to employees**

\* The Director issues an LCWSA Credit Card to each employee dependent upon each employee's job requirements. Individual authorizations for dollar limits and types of transactions will vary and are also determined by the Director. Card usage will be audited and restricted and/or rescinded at any time.

\* In order to obtain a Card, the Director must request the Card on behalf of the employee. The request must

be in writing using the "Purchasing Card Request" (Exhibit G) form (located in the forms file) and **must be signed by the Employee and the Director**. Upon receipt: a JP Morgan Chase LCWSA Credit Card application will be completed on-line by the Director along with the prospective cardholder. When the Director receives the employee's card, the employee will be scheduled to receive Credit Card Use Policy training.

\* The Executive Director will provide the training required prior to card issuance to an employee, culminating in the employee's signature of the **LCWSA Purchasing Card-Acknowledgement of Card Receipt And Cardholder Agreement** form (Exhibit H). After training, and immediately upon receipt of the card, the cardholder is required to activate and sign the card.

Each employee is the only person authorized to use their card and is responsible to use the card **ONLY** for **authorized** LCWSA purchases.

### **Cardholder Responsibilities**

The LCWSA Credit Card is intended for purchases such as services, supplies, material, and lodging and conference registration. It will be used in conformity with current purchasing guidelines.

**Failure to use the credit card in accordance with LCWSA policies may result in revocation of the credit card and may involve appropriate disciplinary action up to and including termination and prosecution.**

\* The cardholder is responsible for the card's safekeeping. The card may not be transferred to, assigned to, or used by anyone other than the designated cardholder.

\* **ONLY AUTHORIZED PURCHASES FOR LCWSA ARE ALLOWABLE. Use of the Card for personal purchases is not permitted at any time.**

\* Misuse of the Card will result in revocation of the Card and disciplinary action, if necessary. Violations include:

- Purchasing items for personal use.
- Allowing someone else to use your card.
- Failure to submit related receipts for submission to cardholder's supervisor for approval as scheduled.
- Failure to report a lost or stolen credit card to the appropriate person immediately upon discovery & completing the "Lost/Stolen Card Notification Form"(Exhibit I).
- Failure to return the destroyed (cut-up) credit card when terminated, or upon request.

\* The Card may be used in person, via telephone, mail, Internet or fax.

\* Cardholders are responsible for informing vendors that LCWSA is exempt from sales tax. The word's "tax-exempt" are printed on each employee's card. If a vendor will not process a transaction as tax exempt, the transaction will not be completed. This includes on-line transactions.

\* Refunds and exchanges must be credited directly back to the Card account. **Under no circumstances shall cash be received for refunds/exchanges.** Documentation for refunds & exchanges are required to be turned into the Principal Account Clerk.

\* If the purchase is for a service, the necessary insurance information must be on file with the office before

the transaction can be processed. Purchases of products only do not require insurance.

\* If the purchase is software or computer related, approval must first be obtained from the Information Technology Services Department.

\* Cardholders are responsible to provide receipts for purchase to Principal Account Clerk **Cardholders are responsible for the monetary value of any missing receipts.** However, if cardholder provides documentation giving reason for a missing receipt, then signs & dates it, it may be considered sufficient. The Director will discern sufficiency of this documentation.

\* A **Monthly Statement** providing a transaction report is provided on-line for each account. Office staff will reconcile receipts to the transaction reports and pay the Card account, prior to the due date with management oversight.

\* When the current card has expired or when a new card is issued to the cardholder, it is the cardholder's responsibility to destroy the card (cut it in pieces) and discard.

\* Chase or LCWSA may, at any time, suspend or cancel the cardholder's privileges for any reason and the cardholder will surrender the destroyed (cut-up) card to the his/her supervisor or the Principal Account Clerk upon request. Failure to surrender the card upon request, or use of the card after its cancellation may be considered fraudulent and further action by LCWSA may take place against the cardholder.

\* The Card will be treated with the same level of security as cardholders treat their own personal credit cards. Lost or stolen cards must be immediately reported to JP Morgan Chase Bank at **1-800-270-7760** and your supervisor. Also, a "Lost/Stolen Card Notification Form" (Exhibit I) must be completed and given to the Director. The Director must authorize replacement of the Card.

\* The destroyed (cut-up) Card shall be returned to the Executive Director when employment is terminated for cancellation & destruction.

### **Purchasing Card Controls**

Each Card issued will have certain controls/restrictions placed on them. The types of controls consist of:

#### **Card Limits**

\* Each card will have a maximum amount that can be spent per transaction. The Executive Director will set the maximum dollar limit per transaction and it will be determined on a card-by-card basis. The limit will vary depending upon department needs.

### **Section 7: Purchase Requisition.**

- A) Purpose: provides a means of initiating the ordering process for goods and services. Provides a formal record, within the Authority, that such goods and/or services have been requisitioned. Provides the proper authority to procure the item requested.
- B) The item or service may be purchased, upon approval of requisition by the Authorized Representative, and if it is within the budget, without authorization of the Board. If the item exceeds budget restrictions, the Board must approve the purchase.
- C) Use of Blanket Purchase Orders – will be determined for specific purposes by Authorized

Representative.

### **Section 8: Receipt of Goods. -Package Delivery Process (also found in procedures file)**

#### **Count**

Compare the packing slip with the items delivered by counting the items and making sure the count is the same for each item as listed on the packing slip. Clearly note any discrepancies stating what the discrepancy is.

#### **Compare**

Compare the packing slip to PO and note if complete or not.

#### **Hazardous Chemicals**

Notify Administrative staff of the product name and MSD Sheet. If a MSD Sheet accompanies the delivery, provide this information to staff for inclusion into the MSDS book and update of List for the Hazardous Communication program. If no MSD Sheet accompanies the chemical, contact vendor to either get the sheet off of the Internet or mail one to us.

#### **Date and Sign**

Once you are satisfied that the order has been checked, whether there are discrepancies or not, date and sign and print name on the packing slip in any clear area on the form. Put the dated and signed packing slip in Principal Account Clerk's box with the PO if it is complete. If the PO is not complete, note on the PO what came in and leave until that PO is complete.

#### **Put Item away**

If there aren't any discrepancies, put item away where it belongs. Do NOT make up a spot for items. If you do not know where the item belongs, ask your supervisor.

If there was a discrepancy in the PO or in the packing list comparison, advise your supervisor immediately.

### **Section 9: Payment of Invoices**

All monthly invoices of goods and services, except utilities, commodity, credit card, and debt related invoices, shall be itemized on a Billing Summary and presented to the Board for authorization of payment. Upon approval of the Board, the invoices shall be paid. The following Officers of the Authority are authorized to sign checks: the Chairman, the Treasurer, Secretary, and Deputy Treasurer.

Utility, commodity, credit card, and debt related invoices, shall be paid by designated due dates in a manner determined by the Director (ie. Wire, ACH, check). A Billing Summary of these purchases will be presented to the Board at the next regular Board meeting for approval.

### **Section 10: Professional Services**

Professional services include, but are not limited to, Physicians, Psychiatrists, Psychologists, Pharmacists, Engineers, Accounting firms, Attorneys, and individuals who supply a service that requires specific training to perform a task that is unique and not readily available from most sources. Requests for Proposals (RFPs) (see section 15) will be used on **contracts that are expected to exceed \$25,000.00 in one fiscal year.** Requests will be solicited from a minimum of three vendors, if available. If this method is not practicable, the Authority will enter into an agreement for professional services to be negotiated between the vendor and the Authority.

## **Section 11: Insurance**

The Authority is a member of the New York Municipal Insurance Reciprocal (NYMIR), a not-for-profit insurance company. It is the Authority's intent to purchase insurance coverage from NYMIR. If NYMIR cannot provide the coverage required by the Authority, the Authority will go through "our agent". The RFP process is used to choose the LCWSA insurance agent. The Agent will investigate agreements for insurance coverage. If competition is available in the market, RFP's will be requested, evaluated and award made. If no competition is available, a contract will be negotiated between the Authority and the respective carrier.

## **Section 12: Exceptions to using a purchase requisition**

The following purchases should be made without purchase requisition:

- A) Contracts for professional services which are exempt under the General Municipal Law, Section 103;
- B) Utility bills;
- C) Service contracts for a fixed monthly or annual rental;
- D) Interdepartmental charges: the interdepartmental charge back serves as the means by which the County departments are able to charge other County departments for services rendered and/or goods or supplies;
- E) Medical examinations;
- F) Legal Notices – a proof of publication should be attached to the invoice when submitted for payment;
- G) Postage meter and stamp costs;
- H) Mileage, travel, and conference reimbursement; subscriptions;
- I) All other expenses as determined by the Authorized Representative on an individual basis.

## **Section 13: Rules with respect to conflict of interest**

No Authority officer or employee will have an interest in any contract with the Authority of which he/she is an officer or employee, when such employee has the power or duty to:

- A) Negotiate, prepare, authorize or approve a contract or authorize or approve its payment;
  - B) Audit bills or claims;
  - C) Appoint an officer or employee who has any of the powers or duties set forth above.
- "Contract" in this context refers to any claim, demand against or agreement with the Authority, either express or implied.

Any Authority officer or employee who has, will have, or acquires an interest in, any actual or proposed contract with the Authority of which he/she is an officer or employee, shall publicly disclose the nature and extent of such interest in writing to the Authority Chairman as soon as he/she has knowledge of an actual or prospective interest. This written disclosure will be kept on file.

If any officer or employee had reason to believe that he may have a conflict of interest, the office of the LCWSA Attorney should be contacted immediately.

## **Section 14: Competitive Bidding**

General Municipal Law, Section 103 requires purchase **contracts exceeding \$20,000.00 and public works contracts exceeding \$35,000.00** be awarded to the lowest responsible bidder after public advertising requesting submission of sealed bids.

In determining the necessity for competitive bidding, an aggregate cost of an item or commodity estimated to be purchased in a fiscal year is considered. The exception being where state contracts are utilized.

If any purchases or projects are under bidding limits, but suspected to exceed the \$20,000 limit, discretion shall be used and the bidding procedure will take effect.

The term "Public Works Contract" applies to those items or projects involving labor or both materials and labor. Under Article 8 of the New York State Labor Law, Prevailing Wage Rates apply when a laborer, workman or mechanic is employed. There is no minimum dollar amount. Purchasing will apply for the required Prevailing Wage Rate Schedule.

Requests for bid preparation should be made directly to the Authorized Rep. At least three (3) weeks notice will be given to allow for the preparation of the bid package and legal advertising. The following information is required from the requisition department:

- a. Description of item or items to be bid;
- b. What is to be included in the specifications (a sample or previously used specifications are to be included whenever available);
- c. Date when requesting department requires the delivery of goods and/or services being bid;
- d. List of suggested vendors when available;
- e. The adopted budget amount for the goods or services.
- f. Standard contract requirements – see Exhibit A

The Authorized Representative will prepare the bid package, advertise, and after review of the bids received, will make award recommendation to the Board. Complete bidding records will be filed in the Office of the Authorized Representative. The advertisement for bids shall contain a statement of time and place where all bids will be publicly opened and read. The Authorized Representative and/or another designated individual will open bids at the time and place stipulated in the Public Notice.

A reasonable period should elapse between the public opening and announcement of the successful bidder to permit careful examination of the bids. (The law provides a sixty (60) day period)

The Authorized Representative will be responsible for notifying the vendor awarded and the vendors not awarded the contract upon adoption of a Board Resolution.

### **Section 15: Request for Proposals and Requests for Quotes**

Request for Proposal (RFP) is a competitive sealed bid method of procurement for professional services that cannot be defined to the extent that material can be, but rather is the equivalent of "competitive negotiations". Emphasis should be on accurately evaluating the capability of interested firms.

The RFP method involves the development and issuance of a Request for Competitive Sealed Proposals by the Authority; receipt and registration of proposals; evaluation of the proposals; discussions with final bidders; award of the contract. The contract is awarded to the responsible bidder whose proposal is the most advantageous to the Authority, taking into consideration price and qualitative evaluation factors set forth in the RFP.

The RFP differs from the competitive sealed bidding method in at least two aspects. First, the Authority holds discussions, and bargains with the bidders whose proposals are acceptable or potentially acceptable.

Second, unlike the competitive sealed bid method that compares the prices of responsive bidders to determine award, the competitive sealed bid proposal method evaluates proposal against proposal on a cost and qualitative basis to determine award.

Request for Proposal for Independent Auditor Services - The RFP for Independent Auditor Services will request prices for a period of no more than 5 consecutive years

**Requests for Written Quotes (RFQ)** – Following outlines provide points that may be contained in the RFQ documents. The lowest cost/responsible vendor should be selected for the job.

The Authorized representative is authorized to sign such agreement. Once Agreement is in place, Form Letter (Thank you but not selected) in Exhibit E is sent to other contractors providing quotes.

Every attempt will be made to ensure bid specifications, terms and conditions are thorough and correct, with all appropriate steps followed when determining award of a bid package.

**Section 16: Article 15-A of the Executive Law. Participation by minority group members/and women with respect to contracts**

## **Goal Plan**

The Governor's statewide goal is 30%. Achieving this goal in rural upstate New York will be very difficult due to the lack of Certified Minority and Women Owned Businesses in the professions that we are procuring. Very few of our agency procurements actually meet the boundaries of the goal requirements of \$25,000 for goods and services and \$100,000 for construction.

The LCWSA designates the Executive Director to oversee the agency's M/WBE program and the Principal Account Clerk to monitor and report for the program.

**Contracting or Procurement Units Responsibility** - All contracts for construction over \$100,000 and large procurements over \$25,000 are developed by the Engineering Firm selected for the project. The Project Engineers will be made aware of the requirements and the language needed for the project.

**Contract Compliance** – Contract documents will require due diligence compliance to attain the goals. In the pre-construction meeting, the contractor will be reminded of the need for reports and back up information. If the contractor does not comply with the MWBE requirements, payment may be withheld.

**Standardized Forms** – Are found in Exhibit D.

## **Section 18: Compliance with NYS Finance Law – Section 139-j and 139-k** Finance Law Sections 139-j and 139-k effective January 1, 2006 (Lobbying Law”).

Pursuant to the Lobbying Law, all “contacts” (defined as oral, written or electronic communications with the Authority intended to influence a procurement) during procurement must be made with the designated Point of Contact only. Exceptions to this rule include written questions during the bid process, communications with regard to protests, contract negotiations and RFP conference participants. Nothing in the Lobbying Law inhibits any rights to make an appeal, protest or complaint under existing administrative or judicial procedures.

Violations of the policy regarding permissible contacts must be reported to the appropriate Authority officer and investigated accordingly. First violation may result in a determination of non-responsibility and ineligibility for award to the violator and its subsidiaries, affiliates and related entities. The penalty for a second violation within four (4) years is ineligibility for bidding/proposing on a procurement and/or ineligibility from being awarded any contract for a period of four (4) years. The Authority will notify the New York State Office of General Services (“OGS) of any determinations on non-responsibility or debarments due to violations of the Lobbying Law. Violations found to be “knowing and willful” must be reported to the Authority Chairman and OGS.

Moreover, the statutes require the Authority to obtain certain affirmation and certifications from bidders and proposers. Exhibit B contains the forms to comply, with additional information and instructions.

## **Section 19: Internet Purchasing.**

Internet purchases will be considered on a case-by-case basis. If an item is found to be the lowest acceptable item available from a vendor that will only accept purchases made online, the Authorized representative must approve prior to making the purchase. Applicable rules still need to be followed in regards to issuance of a PO. The LCWSA credit card will be used for online purchases.

## **Section 20: Sole Source.**

Competitive Bidding is not required under section 103 of the General Municipal law in those limited situations when there is only one possible source from which to procure goods and services required in the public interest such as in the case of certain patented goods or services.

A sole source can be a manufacturer, software developer or service provider that sells direct and there are no other sources offering an "or equal."

A single source could be a distributor/wholesaler/retailer that has a contractual agreement for a specific territory to the exclusion of others. Should you have a situation involving a single source supplier, a letter on the manufacturer's letterhead must be on file with Purchasing confirming the single source authorized vendor.

In making these determinations, the political subdivision should document, among other things, the unique benefits of the item as compared to other items available in the marketplace. In addition, the political subdivision should document that, as a matter of fact, there is no possibility of competition for the procurement of the goods. The department must request approval for the sole source determination from Purchasing.

1. MDS - Radios
2. HD Supply- Water meters

## **Section 21: Standardization.**

Section 103 of the General Municipal Law makes it possible for the Authority to standardize on a particular type of material or equipment. The standardization resolution must be approved by at least two-thirds of all Board members, and must state that for reasons of efficiency or economy, there is a need for standardization. The resolution will contain a full explanation supporting such action.

The adoption of such a resolution does not eliminate the necessity for conformance to the competitive bidding requirements.

Standardization, as the word implies, restricts a purchase to a specific model or type of equipment or supply, but does not limit the vendors it can be purchased from.

The following equipment has been standardized:

1. Omron Controllers – for water system;
2. MDS inet-II 900;
3. Sensus meters.

## **Section 22: Second Hand Equipment.**

There is a statutory exception to competitive bidding requirements that permits the purchase of surplus and second-hand supplies, materials or equipment without competitive bidding from Federal or State government or from any other political subdivision or public benefit corporation within the State. However, purchases of

used items from any other source (e.g. private sources like auctions or going-out-of-business sales) are not exempt from bidding requirements.

### **Section 23: Disposition of Surplus items policy.**

The disposal of obsolete and/or surplus items such as motor vehicles, office equipment and furniture no longer used by the Authority will be handled in the following manner:

- A) Items to be declared surplus by motion or resolution of the Board are items that had a purchase value of **\$500 or more** and a useful life of more than one year. Items considered to have no useful remaining life or a value of **under \$500** are to be submitted to the Executive Director for review. The Director will determine proper disposal of these items.
- B) A list of the surplus items will be presented by the department head to the Principal Account Clerk.
- C) The Principal Account Clerk will prepare a resolution or motion for the Board to declare the goods surplus and authorize disposal. The Board on a case by case basis will determine disposal methods that may include the following:
  - a. Offered for sale to other municipalities.
  - b. Advertised in designated newspapers in the form of a legal notice listing the items for sale. Sealed bids will then be received.
  - c. Sold through a public auction.
  - d. Destroyed and disposed of with the normal refuse.
  - e. Recycled and exchanged in the Matex Program.

A log of all surplus items and the method of disposal will be kept by the Principal Account Clerk.

### **Section 24: Disposal of Property of the Authority.**

#### **1. Disposal Requirements (PAL § 2897)**

- (a) The contracting officer must have supervision and direction over the disposition of property.
- (b) The custody and control of the property, pending its disposition, and the disposal of such property must be performed by the authority in possession thereof.
- (c) A deed, bill of sale, lease, or other instrument executed by or on behalf of any public authority, purporting to transfer title or any other interest in the property under the provisions of the Act shall be conclusive evidence of compliance with the provisions of the Act insofar as it concerns title or other interest of any *bona fide* grantee or transferee who has given valuable consideration for such title or other interest and has not received actual or constructive notice of a lack of such compliance prior to closing.

The Authority must not transfer property for less than fair market value (with exceptions as are set forth in 4(e) and (f), below) and if such property is not subject to fair market pricing due to its unique nature, an appraisal of the value of such property must be made by an independent appraiser and included in the record of the transaction.

#### **2. Procedures for Disposal**

- (a) All disposals or contracts for disposal of property must be made after publicly advertising for bids (with exceptions as discussed, below).

(b) The advertisement for bids must be made at such time prior to the disposal or contract through such methods and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the property.

(c) All bids would have to be publicly disclosed at the time and place stated in the advertisement.

(d) The award of bids shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be "most advantageous to the Authority". Price and other factors may be considered, and all bids may be rejected when it is in the public interest to do so.

(e) Exceptions to publicly advertising: The disposal and contracts for disposal of property may be negotiated or made by public auction subject to obtaining such competition as is feasible under the circumstances if:

- (1) The personal property involved is of a nature and quantity which, if disposed of using public bidding advertisement and disclosure, would adversely affect the State or local market for such property, and the estimated fair market value of such property and other satisfactory terms of disposal can be obtained by negotiation;
- (2) The fair market value of the property does not exceed \$15,000;
- (3) Bid prices after advertising are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition;
- (4) The disposal will be to the State or any political subdivision, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation; or
- (5) Such action is otherwise authorized by law.

(f) Exception to publicly advertising and obtaining fair market value: The disposal is for an amount less than the estimated fair market value of the property, the terms of such disposal are obtained by public auction or negotiation, disposal of the property is intended to further the public health, safety or welfare or an economic development interest of the State or a political subdivision (to include but not be limited to, the prevention or remediation of a substantial threat to public health or safety, the creation or retention of a substantial number of job opportunities, or the creation or retention of a substantial source of revenues, or where the authority's enabling legislation permits), the purpose and the terms of such disposal are documented and approved by the board of the public authority;

(g) Ninety-day notice of a negotiated disposal. An explanatory statement would have to be prepared and transmitted to the comptroller, the director of the budget, the commissioner of general services, and the legislature at least 90 days in advance of such disposal in instances of disposal by negotiation where:

- (1) any personal property has an estimated fair market value in excess of \$15,000;
- (2) any real property that has an estimated fair market value in excess of \$100,000, except in instances where real property is disposed of by lease or exchange unless such lease or exchange includes:
  - (i) any real property disposed of by lease for a term of five years or less, if the estimated fair annual rent is in excess of \$100,000 for any of such years;

(ii) any real property disposed of by lease for a term of more than five years, if the total estimated rent over the term of the lease is in excess of \$100,000; or

(iii) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

(iv) A copy of the statement must be preserved in the files of the authority making the disposal.

#### **Section 25: Use of Authority Employees/or Equipment for Capital Projects.**

When the Authority uses its own employees and equipment for a capital project, the project may be charged for those costs.

#### **Section 26: Capital Improvements/Repair Allowance.**

To allow for funding of capital improvements/repairs, a current percentage of operating expenses will be added to the annual budget.

#### **Section 27: Unexpended Balance of Capital project.**

Upon determination that a capital project has been completed, the unexpended balance will be considered unappropriated unless otherwise directed by an authorized representative.

#### **Section 28: Sale of Scrap – Policies and Procedures**

### CONTRACTOR REQUIREMENTS AND PROCEDURES FOR BUSINESS PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISES AND EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND WOMEN

#### NEW YORK STATE LAW

Pursuant to New York State Executive Law Article 15-A, LCWSA recognizes its obligation under the law to promote opportunities for maximum feasible participation of certified minority-and women-owned business enterprises and the employment of minority group members and women in the performance of LCWSA contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" ("Disparity Study"). The report found evidence of statistically significant disparities between the level of participation of minority-and women-owned business enterprises in state procurement contracting versus the number of minority-and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that LCWSA establishes goals for maximum feasible participation of New York State Certified minority- and women – owned business enterprises ("MWBE") and the employment of minority groups members and women in the performance of New York State contracts.

#### Business Participation Opportunities for MWBEs

For purposes of this solicitation, LCWSA hereby establishes an overall goal of 30% for MWBE participation, XX% for Minority-Owned Business Enterprises ("MBE") participation and XX% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). A contractor ("Contractor") on the subject contract ("Contract") must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and Contractor agrees that LCWSA may withhold payment pending receipt of the required MWBE documentation. The directory of New York State Certified MWBEs can be viewed at: <http://www.esd.ny.gov/mwbe.html>.

For guidance on how [AGENCY NAME] will determine a Contractor's "good faith efforts," refer to 5 NYCRR §142.8.

In accordance with 5 NYCRR §142.13, Contractor acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding constitutes a breach of Contract and LCWSA may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

By submitting a bid or proposal, a bidder on the Contract ("Bidder/") agrees to submit the following documents and information as evidence of compliance with the foregoing:

- A. Bidders are required to submit a MWBE Utilization Plan on Form #\_\_\_\_ with their bid or proposal. Any modifications or changes to the MWBE Utilization Plan after the Contract award and during the term of the Contract must be reported on a revised MWBE Utilization Plan and submitted to LCWSA.
- B. LCWSA will review the submitted MWBE Utilization Plan and advise the Bidder of LCWSA acceptance or issue a notice of deficiency within 30 days of receipt.
- C. If a notice of deficiency is issued, Bidder agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt by submitting to the [AGENCY NAME, address phone and fax information], a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by [AGENCY NAME] to be inadequate, LCWSA shall notify the Bidder and direct the Bidder to submit, within

five (5) business days, a request for a partial or total waiver of MWBE participation goals on Form # \_\_\_\_\_. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

- D. LCWSA may disqualify a Bidder as being non-responsive under the following circumstances:
- a) If a Bidder fails to submit a MWBE Utilization Plan;
  - b) If a Bidder fails to submit a written remedy to a notice of deficiency;
  - c) If a Bidder fails to submit a request for waiver; or
  - d) If [AGENCY NAME] determines that the Bidder has failed to document good faith efforts.

Contractors shall attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to LCWSA, but must be made no later than prior to the submission of a request for final payment on the Contract.

Contractors are required to submit a Contractor's Quarterly M/WBE Contractor Compliance & Payment Report on Form #\_\_\_\_\_ to the LCWSA address, phone and fax information], by the 10<sup>th</sup> day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

### **Equal Employment Opportunity Requirements**

By submission of a bid or proposal in response to this solicitation, the Bidder/Contractor agrees with all of the terms and conditions of Appendix A including Clause 12 - Equal Employment Opportunities for Minorities and Women. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor, shall undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

Bidder further agrees, where applicable, to submit with the bid a staffing plan (Form #\_\_\_\_\_) identifying the anticipated work force to be utilized on the Contract and if awarded a Contract, will, upon request, submit to the [AGENCY NAME], a workforce utilization report identifying the workforce actually utilized on the Contract if known.

Further, pursuant to Article 15 of the Executive Law (the "Human Rights Law"), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

**Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.**

**PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN WITH RESPECT TO STATE CONTRACTS:  
REQUIREMENTS AND PROCEDURES**

I. General Provisions

- A. The LCWSA is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 ("MWBE Regulations") for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.

These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for certified minority and women-owned business enterprises ("MWBEs"). Contractor's demonstration of "good faith efforts" pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the "Human Rights Law") or other applicable federal, state or local laws.
- C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to Section VII of this Appendix or enforcement proceedings as allowed by the Contract.

II. Contract Goals

- A. For purposes of this procurement, the [AGENCY] hereby establishes an overall goal of 20% for Minority and Women-Owned Business Enterprises ("MWBE") participation, XX% for Minority-Owned Business Enterprises ("MBE") participation and XX% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs).

Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women's Business Development of the Department of Economic Development (the "Division"). Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.
2. The Contractor shall submit an EEO policy statement to the [AGENCY] within seventy two (72) hours after the date of the notice by [AGENCY] to award the Contract to the Contractor.

4. The Contractor's EEO policy statement shall include the following language:
  - a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.
  - b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
  - c.   - d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph "E" of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

C. Form \_\_\_\_\_ - Staffing Plan

To ensure compliance with this Section, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it as part of their bid or proposal or within a reasonable time, but no later than the time of award of the contract.

D. Form \_\_\_\_\_ - Workforce Employment Utilization Report (“Workforce Report”)

1. Once a contract has been awarded and during the term of Contract, Contractor is responsible for updating and providing notice to the [AGENCY] of any changes to the previously submitted Staffing Plan. This information is to be submitted on a quarterly basis during the term of the contract to report the actual workforce utilized in the performance of the contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. The Workforce Report must be submitted to report this information.
2. Separate forms shall be completed by Contractor and any subcontractor performing work on the Contract.
3. In limited instances, Contractor may not be able to separate out the workforce utilized in the performance of the Contract from Contractor's and/or subcontractor's total workforce. When a separation can be made, Contractor shall submit the Workforce Report and indicate that the information provided related to the actual workforce utilized on the Contract. When the workforce to be utilized on the contract cannot be separated out from Contractor's and/or subcontractor's total workforce, Contractor shall submit the Workforce Report and indicate that the information provided is Contractor's total workforce during the subject time frame, not limited to work specifically under the contract.

Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. MWBE Utilization Plan

- A. The Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan either prior to, or at the time of, the execution of the contract.
- B. Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section III-A of this Appendix.

Upon the occurrence of such a material breach, [AGENCY] shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

## V. Waivers

- A. For Waiver Requests Contractor should use Form \_\_\_\_\_ – Waiver Request.
- B. If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals. If the documentation included with the waiver request is complete, the [AGENCY] shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.
- C. If the [AGENCY], upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the [AGENCY] may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

## VI. Quarterly MWBE Contractor Compliance Report

  - (2) the actual cost of the storage devices or media provided to the person making the request in complying with such request; or

In such case, the agency may charge a fee in accordance with paragraph (c)(1) and (2) above.
- (e) An agency shall inform a person requesting a record of the estimated cost of preparing a copy of the record if more than two hours of an agency employee's time is needed, or if it is necessary to retain an outside professional service to prepare a copy of the record.

Re: Inter-municipal Cooperation Agreement

Date: 9/16/15 modified 10/28/15

The Town of Livonia has presented an agreement developed by Jim Campbell to share in expenses of the use of the Fuel Depot.

The agreement sets forth the following

1. Administration fee = \$.04/gallon – Average gallons are 625 per month - This cost is about \$300 per year.
2. 15.5% of maintenance, upkeep, repair and improvements based on the amount of gas we used. Currently, there is about \$10,000 of this maintenance that must be completed. We communicated with Eric Gott regarding on going costs for maintenance. He stated "Our plan is that the Town will still absorb normal costs but any large upgrade or repair will be shared. This is the first upgrade in 20 years so I can say with pretty good certainty that there will be no budget impact ongoing."
3. 2% late fees if we do not pay our gas charges or maintenance fees within 30 days.
4. Damage due to misuse is our costs in full.
5. Term is 2 years.

Credit card use at the pump - R. Lewis has found the forms needed to receive a reimbursement of taxes. She has also reached out to both Bonadio and Jen from Wager on how complicated the filing is. This will take time each month sorting out the receipts and reimbursement. Estimate at least 2-3 hours per month.

Convenience – The location in Livonia has worked for many years. We have a policy that the trucks should always have at least a half tank of gas in them. This makes staff stop and fill up before they get far a field and find that they are low on gas.

**Conclusion** – The \$300 per year Administration fees will be used up fast with the filing of forms etc. I recommend that we enter into the agreement with the Town of Livonia.

## RESOLUTION 2015-\_\_\_\_ AUTHORIZING EXECUTION OF INTER-MUNICIPAL COOPERATION AGREEMENT

RESOLVED, that the LCWSA Board authorizes the Executive Director or Chairman of the Board to sign the Inter-Municipal cooperation agreement with the Town of Livonia and other partners for the use and maintenance of the Fuel Depot
